Test Report

Material: Model: Wood bunk bed

Type:	Bunk bed				
Length:	2062 mm	Width:	960 mm	Height:	1760 mm
Materials:	40×44, 30×29, 110×29 mm painted wood				

Sampling: The test material was sampled by the client and received at the Danish Technological Institute 26-08-2015.

Method: EN 747-1:2012 Furniture - Bunk beds and high beds for domestic use - Part 1: Safety, strength and durability requirements and EN 747-2:2012 Furniture. Bunk beds and high beds. Test methods

Period: The testing was carried out from 26-08-2015 to 12-10-2015.

Result: Model fulfils the requirements in EN 747-1:2012 and EN 747-2:2012 Furniture. Bunk beds and high beds.

Test methods Individual results appear from Appendix 1.

Storage: The test material will be destroyed after 1 month, unless otherwise agreed.

Terms: The test has been performed according to the attached conditions, which are according to the guidelines laid down by DANAK (The Danish Accreditation). The testing is only valid for the tested specimen. The test report may only be extracted, if the laboratory has approved the extract.

12-10-2015, Danish Technological Institute, Wood Technology, Taastrup

Danish Accreditation (DANAK):

DANAK is the national accreditation body in Denmark in compliance with EU regulation No. 765/2008.

DANAK participates in the multilateral agreements for testing and calibration under European co-operation for Accreditation (EA) and under International Laboratory Accreditation Cooperation (ILAC) based on peer evaluation. Accredited test reports and calibration certificates issued by laboratories accredited by DANAK are recognized cross border by members of EA and ILAC equal to test reports and calibration certificates issued by these members' accredited laboratories.

The use of the accreditation mark on test reports and calibration certificates or reference to accreditation, documents that the service is provided as an accredited service under the company's DANAK accreditation according to EN ISO IEC 17025.

Construction Product Directive:

The Danish Technological Institute guarantees that employees carrying out tests to be used together with harmonized standards under notification no. 1235 according to EU regulation 305/2011, article 43, satisfy all the requirements made for capability, integrity and impartiality.
